

Integrated Battery/Holster for the MC70/MC75

Up to 8800 mAh Battery Capacity Now Available for the MC70 and MC75

HMC70 Charging Holster

The HMC70 Charging Holster is a wearable holster which provides an additional 4000 mAh of capacity to the Symbol® MC70 and MC75 mobile computers. The Holster continuously charges the device's internal battery allowing it to run up to 3x longer.

The Holster can be conveniently charged by simply plugging it in with the included charging cord. Plus it charges the internal battery as well eliminating the need for separate expensive chargers.
